Magnetic Stirrer
- Model TKO

www.kartell.com.au

Magnetic Stirrer - Model TKO

- Traditional magnetic stirrer without a heating element.
- Double symmetrical magnet, - self-centring stirring action.
- D.C. motor with adjustable speeds - 100rpm to 1100rpm.
- Constructed from tough, acid resistant ABS plastic.
- 125mm Ø head is free from transferred temperature rise, even during prolonged use.
- Compact, lightweight and robust ABS construction; ideal for laboratory use.
- Special locating clamp (Art. 2229) available for use with laboratory scaffolding. The clamp helps secure beaker in place during stirring.
